Make a statement

The all-new Mazda2 says all kinds of things. It says life's not about obvious choices. It says blending-in is boring. It says knowing your own mind is the first step towards having fun.

The Genuine Mazda Accessories you'll find in this brochure say even more. They say you have your own style. They say you know how to make the most of life – and of your Mazda2. They say your Mazda2 is important to you – but enjoying it is even more important.

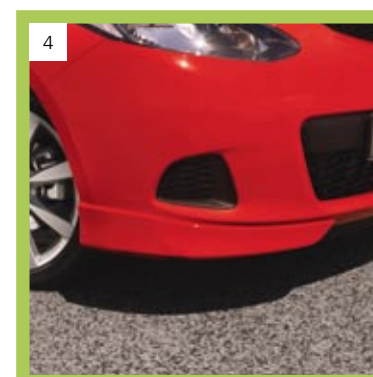

And if you listen very carefully, they all say the same thing: Zoom-Zoom.

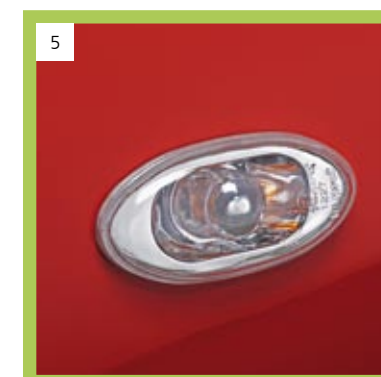

- 1 **Front aero bumper kit**
To make a big impression in anyone's rear-view mirror. Including sporty front grille.
- Sporty front grille**
The little difference. Painted to match the colour of your car.
- 2 **Side airdam skirt**
To present your Mazda from its best side – on both sides. For that low, lean look.
- 3 **Rear roof spoiler**
To complete the sporty profile of your car.

Say it loud

You don't drive the Mazda2 to stay out of the limelight. So if you're going to be noticed, why not be noticed for the right reasons? These sporty, exterior Genuine Mazda Accessories are subtle and stylish – there's no way they're going to be ignored.

4 **Front bumper corner spats**
Make bumpers look anything else but standard.

5 **Side indicator**
Now your indicators will be seen, even when they're not flashing.

6 **Side marker ring**
Chrome plated for a dash of added style.

Do the maths

Who says four into two won't go? When it's four stylish alloy wheels and your Mazda2, it goes perfectly. And when you subtract around 30mm from the height with the Suspension Lowering Kit, it all adds up to a dramatically dynamic look.

7 **14" Alloy wheel, Design 43**
6 spokes, tyre size 175/65 R14

8 **15" Alloy wheel, Design 44**
8 spokes, tyre size 185/55 R15

9 **16" Alloy wheel, Design 45, colour: Titanium**
8 spokes, tyre size 195/45 R16

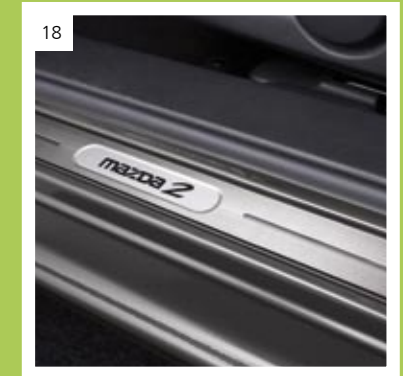

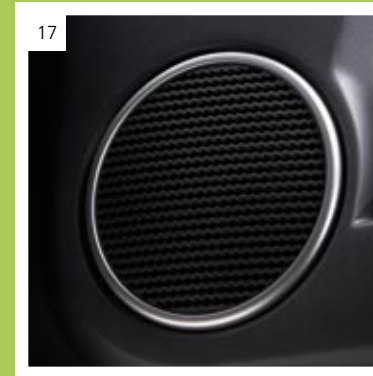

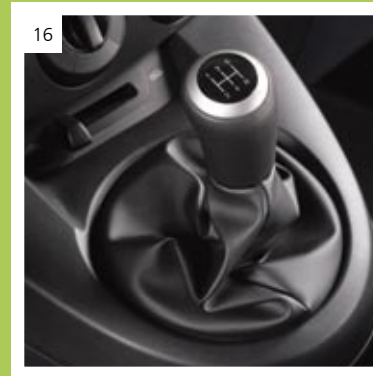

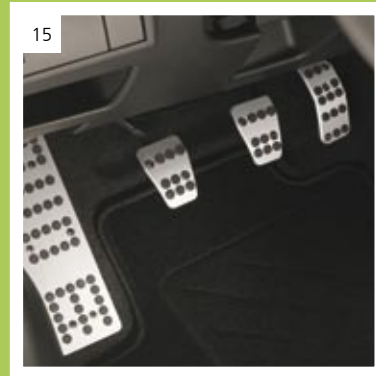

10 **Lockable wheel nuts, set of 4**
With wheels like these, everyone's bound to look. But that's all they'll be able to do.

11 **Lowering suspension kit**
Lowering the suspension for a more dynamic look.

12 **15" Alloy wheel, Design 118**
5 double spokes, tyre size 185/55 R15

13 **16" Alloy wheel, Design 119**
8 spokes, tyre size 195/45 R16
